**T Brass Female - 1 1/2",
GIBALTO**

Brand: GIBALTO

Reference: GIB 001380

1 1/2" female brass connector allows fluid flow to be divided or combined. Its design includes three equally sized female connections and a 90-degree side outlet, making branching easier in piping systems. Ideal for plumbing applications.

[View product online](#)**Description**

The 1 1/2" Female Brass Tee is an essential component in piping systems, designed to facilitate the combining or dividing of fluid flow. Made of chrome-plated brass, this fitting offers durability and corrosion resistance, ensuring optimal performance in various industrial and domestic applications.

- Chrome-plated brass fitting: provides high corrosion resistance and an aesthetic finish.
- Female connection: allows easy integration with other piping components through threads.
- T shape: includes a side outlet that forms a 90° angle with the main route, allowing efficient flow distribution.
- Three equal-sized mouths: each mouth has a female thread and a reinforcing flange at the ends for greater stability and security in the connection.
- Available in various sizes: adapts to different needs and configurations of piping systems.
