Description

The 1/2" Female Brass Tee is an essential component in piping systems, designed to facilitate the combination or division of fluid flow. Made of chrome-plated brass, this fitting offers durability and corrosion resistance, ensuring optimal performance in a variety of applications.

- Screw-on brass fitting, ideal for creating equal-sized branches.
- Female connection for easy and secure installation.
- Material: chrome-plated brass, providing excellent corrosion resistance.
- Threaded connection, ensuring a firm and watertight connection.
- T-shaped design with a side outlet that forms a 90° angle with the main waterway.
- Three equal-sized female-threaded outlets, each with a reinforcing flange at the ends for greater stability.
- Available in various sizes to suit different installation needs.
