Description

The 3" Female Brass Tee is an essential component in piping systems, designed to facilitate the distribution or combination of fluids. Made of chrome-plated brass, this fitting offers durability and corrosion resistance, ensuring optimal performance in various industrial and domestic applications.

- Chrome-plated brass fitting: Offers high corrosion resistance and an aesthetic finish.
- Female connection: Designed to facilitate installation and ensure a secure and watertight connection.
- Threaded connection: Provides a firm connection that is easy to disassemble for maintenance or system reconfiguration.
- T shape: Allows a side outlet at 90° with respect to the main line, ideal for branches.
- Three equal-sized outlets: Each outlet has a female thread and a reinforcing flange at the ends for greater stability and security in the connection.
- 3" size: Suitable for systems that require a considerable flow of fluid.
- EAN13: 8432453013832
