Description

The 3/8" Female Brass Tee is an essential component in piping systems that require the division or combination of fluid flow. Made of chrome-plated brass, this fitting offers durability and corrosion resistance, ensuring optimal performance in various industrial and domestic applications.

- Brass fitting designed to make branches of equal size.
- Female connection that facilitates integration into existing systems.
- Material: chrome-plated brass, which provides excellent corrosion resistance.
- Threaded union, ensuring a firm and secure connection.
- T shape with a side outlet at 90° with respect to the main line.
- Three mouths of equal size with female thread and reinforcing flange at the ends for greater stability.
- Available in various sizes to adapt to different needs.

Specifications

EAN	8432453029666
Material	Latón
Thread	3/8"
