Description

The 1" 20mm Hex Brass Extension Fitting is an essential part for various plumbing applications and pipe fittings. Precision manufactured, this extension fitting offers a reliable and durable solution for extending the length of pipe fittings, ensuring a secure and stable fit.

- **Material:** Made of brass, a material known for its corrosion resistance and durability, ensuring long-lasting performance even under demanding conditions.
- **Design:** It features a hexagonal design that makes it easy to install and tighten with standard tools, allowing for simple and efficient handling.
- **Finish:** A polished effect that not only improves its aesthetic appearance but also provides a smooth surface that minimizes friction during installation.
- **Size:** Available in various sizes to suit different installation needs, with a specific measurement of 1" 20mm for this variant.
- **EAN code:** 8432453010824, which makes it easy to identify and manage in inventories.

Specifications

EAN	8432453010824
Material	Latón
Thread	1"
