Description

The MH reduced hexagonal brass extension fitting is an essential part for plumbing connections, designed to offer durability and a precise fit in piping systems. Its brass construction ensures corrosion resistance and a long service life, while the hexagonal shape makes it easy to install and adjust with standard tools.

- Material: Made of brass, which provides excellent corrosion resistance and durability.
- Shape: Hexagonal design that allows easy handling and adjustment with plumbing wrenches.
- Connections: Male-female mouths, making it easy to integrate into existing piping systems.
- Dimensions: Available in various sizes to adapt to different installation needs.
- EAN13: 8432453010923, for easy identification and reference in inventories.

Specifications

EAN	8432453010923
Material	Latón
