Description

The H22/M24 100 flexible atomizer is a device designed to optimize water use in taps, offering versatility and efficiency in its operation. This sprayer easily adapts to different types of faucets thanks to its flexible design and the included accessories, allowing for more efficient use of water in various domestic and commercial applications.

- **Flexible Body:** The flexible design of the sprayer allows the water flow direction to be adjusted according to the user's specific needs.
- **Two-Position Sprayer:** Offers two water output modes: spray and rain, providing options for different uses and preferences.
- **Water Saver:** Designed to reduce water consumption by up to 50%, contributing to a more sustainable use of water resources.
- **Compatibility:** Includes female thread and male adapter, ensuring simple installation and compatibility with a wide range of faucets.
- **Silicone Gasket:** The included silicone gasket guarantees a tight seal, preventing leaks and ensuring efficient operation.
