### Description

The 1/2" PVC float with a diameter of 130 mm and M6 thread is an essential component for the correct functioning of cisterns. Made of PVC material, this float is known for its durability and resistance, making it a reliable choice for replacing parts in cistern systems. Its white color allows easy integration into most plumbing systems, ensuring optimal performance.

- Material: PVC
- Use: Cistern replacement
- Color: White
- Diameter: 130 mm
- Thread: M6
- EAN13: 8432453088861
- Various diameters and threads available
- Known as universal cistern replacement

### Specifications

|          |               |
|----------|---------------|
| EAN      | 8432453088861 |
| Material | PVC           |
| Thread   | 1/2"          |

may contain errors or omissions and does not replace the manufacturer datasheet.
