"Super" Complete Semi-High Tanker, IDROSPANIA

Brand: IDROSPANIA

Reference: GIB 006988

Semi-high cistern that maximizes water efficiency and incorporates a flush cut-off system and side float. Its ABS construction provides sound insulation and prevents condensation, ensuring discreet operation. Its white design allows for easy integration into various bathroom styles.

[View product online](#)**Description**

The "Super" complete semi-high cistern is an efficient and functional solution for toilet flushing systems. Designed to deliver optimal performance, this cistern combines advanced technology with high-quality materials to ensure durability and efficiency with every use.

- **Flush Interrupt:** Allows precise control of water flow, optimizing consumption and reducing waste.
- **Side Float:** Equipped with a side float mechanism that ensures fast and efficient filling, maintaining the correct water level.
- **Anti-condensation Insulation:** Designed with an insulation system that prevents condensation from forming, protecting the structure and prolonging the life of the product.
- **Sound Insulation:** Minimizes noise during filling and flushing, providing a quieter and more comfortable experience.
- **Material:** Made of ABS, a material known for its strength and lightness, which ensures long durability and easy maintenance.
- **Color:** White, which integrates easily into any bathroom design, offering a clean and modern appearance.
