Rectangular flexible extendable elbow - 60x120mm - 500mm, GONAL

Brand: GONAL

Reference: GIB 001423

Rectangular flexible extendable elbow, ideal for ventilation and air treatment systems. Its white PVC design allows for easy integration into aerothermal and fume extraction applications, ensuring versatility and adaptability in installations with specific requirements.

[View product online](#)**Description**

The 60x120mm, 500mm long rectangular flexible extendable elbow is an efficient solution for ventilation and air treatment systems. Designed to adapt to various configurations, this component is essential in aerothermal and smoke extraction installations, providing flexibility and durability.

- Dimensions: 60x120mm, extendable length up to 500mm.
- Material: Made of high-quality PVC, ensuring strength and longevity.
- Color: White, allowing discreet integration into different environments.
- Applications: Suitable for ventilation, aerothermal and smoke extraction systems.
- EAN13: 8432453014235.
