Product sheet

Rectangular flexible extendable elbow - 75x150mm - 500mm, GONAL

Brand: GONAL

Reference: GIB 008301

Rectangular, extendable elbow made of white PVC, designed to optimize ventilation and smoke extraction systems. Its flexibility and adaptability allow for efficient installation in a variety of applications, ensuring optimal performance in air treatment and aerothermal energy. Ideal for environments requiring versatile solutions.

Description

The 75x150mm, 500mm long rectangular flexible extendable elbow is an efficient solution for ventilation and air treatment systems. Designed to adapt to various configurations, this component is essential in aerothermal and smoke extraction installations, offering versatility and functionality in a single product.

- Dimensions: 75x150mm, with an extendable length of up to 500mm.
- Material: Made of high-quality PVC, ensuring durability and resistance.
- Color: White, allowing discreet integration into different environments.
- Applications: Suitable for ventilation, aerothermal and smoke extraction systems.
- EAN13: 8432453083019, ensuring product traceability and authenticity.
