Description

The Flutec Universal Push-Button Flush Valve is an innovative solution designed to optimize water conservation in the home. This device features a quiet mechanism that allows for a quick and efficient flush, contributing to sustainability and responsible water use. Installation is simple and does not require disassembling the cistern, making it easy to install in any bathroom. In addition, the product includes a base and a seat gasket with a universal diameter, ensuring compatibility with most toilets on the market.

- **Flush Interruption:** Allows you to stop the flush at any time, promoting water conservation.
- **Maintenance-Free:** Designed for long-lasting operation without requiring additional care.
- **Silent Mechanism:** Operates discreetly, avoiding annoying noises during use.
- **Quick Flush:** Ensures efficient evacuation with a single press.
- **Quick Installation:** Can be installed without removing the cistern, saving time and effort.
- **Universal Diameter:** Compatible with most toilets, facilitating adaptation.
- **Includes Base and Seat Gasket:** Everything needed for complete and effective.
