Description

The "A" High Tank Unloader with Base is an essential component for plumbing systems that require reliable and efficient performance. Designed to fit seamlessly into high-capacity toilet tanks, this flusher ensures optimal water flow and trouble-free operation.

- **Material:** Made from heavy-duty materials to ensure durability and corrosion resistance.
- **Compatibility:** Compatible with most high-capacity toilet tanks, making installation and maintenance easy.
- **Design:** Features a solid base for stability and a secure fit inside the tank.
- **Operation:** Provides an efficient flushing mechanism that optimizes water usage, helping to save resources.
- **Dimensions:** Designed to fit standard high-capacity tank specifications, ensuring a precise fit.
- **Installation:** Includes a simple mounting system for quick and hassle-free installation.
- **Maintenance:** Designed for easy access for cleaning and maintenance, extending the product's lifespan.
