Rubber base for tank unloader under rubber, IDROSPANIA.

Brand: IDROSPANIA

Reference: GIB 003111

Rubber designed for the base of the low-tank unloader, made of high-quality rubber. Its structure ensures a precise and long-lasting fit, contributing to efficient system operation. Ideal for applications requiring strength and reliability in demanding environments.

[View product online](#)**Description**

The low tank unloader base rubber is an essential component designed to ensure an effective and long-lasting seal in water discharge systems. Manufactured with high-quality materials, this rubber ensures optimal performance under various operating conditions, contributing to the efficiency and functionality of the discharge system.

- Dimensions: 83.5 x 56 x 6 mm
- Material: High-strength rubber
- Application: Low tank unloader base
- Presentation: Bulk sale

Specifications

EAN	8432453031119
Material	Goma
