Description

The 007 RF 300108 trigger seal rubber is an essential component designed to ensure efficient sealing in water discharge systems. This product is compatible with both the 007 RF 300108 discharger and the "SONEIRA" high tank discharger, offering versatility in its application.

- Measurements: 44x5 mm
- Material: High quality rubber to ensure durability and resistance
- Compatibility: Designed for the 007 RF 300108 discharger and the "SONEIRA" high tank discharger
- Use: Sold in bulk, facilitating its acquisition for large-scale projects
- Function: Provides an effective seal to prevent leaks in discharge systems

Specifications

EAN	8432453009163
Material	Goma
