Description

The Victoria Low Tank Unloader Sealing Rubber is an essential component designed to ensure an efficient seal in water discharge systems. Manufactured from high-quality materials, this rubber guarantees durability and optimal performance in its specific application.

- Material: Heavy-duty rubber, designed to withstand wear and constant exposure to water.
- Compatibility: Specially designed for the "Victoria" low tank unloader model.
- Sale: Available for bulk purchase, making it easy to purchase in large quantities for installation or maintenance projects.
- Dimensions: 65 mm outer diameter, 31 mm inner diameter, and 3 mm thick, ensuring a precise and secure fit.

Specifications

EAN	8432453009095
Material	Goma
