Description

The toilet external plug rubber is an essential component to ensure an efficient and secure connection between the cistern downpipe and the high-tank toilet. Designed for durability and a precise fit, this rubber is suitable for installations that require reliable performance in demanding environments.

- **Compatibility:** Specifically designed for connections between the cistern downpipe and the high-tank toilet.
- **Peninsula diameter:** Ø30 mm, ensuring a proper fit in most standard configurations.
- **Overall dimensions:** Ø54 mm x Ø29 mm x 63 mm, providing an optimal balance between flexibility and rigidity.
- **Material:** Made of high-quality materials that guarantee resistance to wear and corrosion.
- **Presentation:** Available in a bag containing 5 units, facilitating maintenance and repairs.

Specifications

EAN	8432453009125
Material	Goma
