Description

The Flutec Side Float Tap is an efficient and reliable solution for controlling the water level in low tank cisterns. Designed with a 3/8" brass fitting, this tap can withstand operating pressures ranging from 0.2 to 10 bar, with maximum peak pressures up to 21 bar, guaranteeing its durability and resistance to deterioration. Its height-adjustable float allows for precise water level adjustment, while its safety system ensures optimal and safe operation. This universal model is ideal for cistern applications, offering fast and quiet filling, making it a practical choice for any installation.

- **Fitting:** 3/8" Brass
- **Operating Pressure:** 0.2-10 BAR
- **Maximum Peak Pressure:** 21 BAR
- **Material:** Resistant to deterioration
- **Float:** With safety system
- **Adjustable Float:** Allows for adjusting the water level water
- **Model:** Universal
- **Suitable for:** Low-tank cisterns
- **Function:** Fast and quiet filling

Specifications

EAN	8432453149142
Material	Latón
Thread	3/8"
