Description

The bottom-closing plastic drum tap is a practical and efficient solution for dispensing water in a controlled manner. Designed to easily attach to carafes or drums, this tap guarantees a constant and safe flow, ideal for various applications where easy handling of the liquid is required.

- Material: Durable plastic, designed to withstand frequent and prolonged use.
- Closure: Bottom closure system that ensures a hermetic seal, preventing leaks.
- Components: Includes a rear nut and a rubber washer, which provide a correct seal and easy installation.
- Operation: The water flow remains open while pressure is applied to the lever, allowing precise control of the dispensing.
- Compatibility: Designed to fit most standard carafes and drums on the market.

Specifications

EAN	8432453022872
