

Product sheet

O-rings - 75 x 8.97mm - BULK

Brand: GIBALTO

Reference: GIB 003586

75 x 8.97 mm O-rings, ideal for ensuring tightness in industrial applications. Their precise design ensures an optimal fit, contributing to the integrity of hydraulic and pneumatic systems. Their bulk format allows for easy integration into maintenance and repair processes.

[View product online](#)**Description**

O-rings are essential components in fluid sealing, designed to ensure an effective seal in various industrial applications. These gaskets, with a circular section, are widely used in hydraulic and pneumatic systems, ensuring the integrity of the systems by preventing leaks.

- Inner diameter: 75 mm
- Section thickness: 8.97 mm
- Material: High-strength composite for long-lasting durability
- Sales format: Available in bags of 100 units or in bulk
- EAN13 code: 8432453035865
- Applications: Suitable for hydraulic, pneumatic, and other industrial applications
- Resistance to extreme temperatures and abrasion
- Compatibility with a wide range of fluids
