Description

The 2 1/2" double brass male fitting is an essential part of any plumbing installation, designed to provide a secure and long-lasting connection between two sections of pipe. Made of brass, this component guarantees corrosion resistance and a long service life, making it suitable for applications requiring strength and reliability. Its male-type connector design makes it easy to integrate with other system components, ensuring a precise, leak-free fit.

- Connector type: male
- Thread diameter: available in various sizes
- Material: brass
- EAN13 code: 8432453010633

Specifications

EAN	8432453010633
Material	Latón
Thread	1/2"
