PRESS multi-layer reduced coupling sleeve Ø20xØ16 type U-red - quick and durable installation

Brand: GIBALTO

Reference: GIB 014645

Multi-layer reducing coupling sleeve, designed to connect pipes with a diameter of 20 mm to 16 mm. Its red U-shaped profile allows for efficient pressing, ensuring a secure and durable connection in plumbing systems.

Description

The **Multilayer Reduced Coupling Sleeve Press Ø20xØ16 Type U-Red** is an essential component for plumbing and heating systems, designed to facilitate the connection between pipes of different diameters. This sleeve allows for efficient and secure coupling, reducing the diameter from 20 mm to 16 mm, making it a versatile solution for various applications. Its red U-type profile design ensures quick and reliable installation, optimizing system performance.

- **Material:** High quality multilayer
- **Inlet diameter:** 20 mm
- **Outlet diameter:** 16 mm
- **Connection type:** Crimped
- **Profile:** Red U-type
- **Applications:** Plumbing and heating
- **Installation:** Quick and easy
- **Durability:** Corrosion resistant
- **Compatibility:** Compatible with multilayer systems
- **Regulations:** Meets quality standards

This sleeve is ideal for those looking for an effective and durable solution in your installation projects, ensuring optimal performance in fluid transport.

Specifications

Colour	Red
EAN	8435319150962
