Description

The 360° rotating head crimping machine is a hand tool designed to make working with multilayer and PEX pipe easier. Its design incorporates a rotating head that allows for easier and more comfortable access to the pipes, even in tight spaces. This machine is an efficient choice for those seeking precision and versatility in their pipe installation projects.

- 360° rotating head for greater accessibility and comfort in use.
- Adjustable pressing closure that allows to adapt to different pressing needs.
- Compatibility with pipe sizes: Ø16, Ø20, Ø25, Ø32.
- Extendable handles that vary in length from 50 cm to 72 cm, providing greater leverage and ease of use.
- Ergonomic rubber grips that ensure a comfortable and secure grip during operation.
- Light weight of only 3.9 kg, which makes it easy to transport and handle.
