Description

The straight aerator extension is designed to enhance the functionality of faucets in kitchens and bathrooms, offering a more efficient and comfortable user experience. Made of ABS material, this accessory combines durability with a chrome finish that easily integrates into any décor. Its design includes two water flow modes, allowing you to adjust the flow according to your needs. It also features 360° rotation and a 45° tilt angle, facilitating access to water from different positions and angles. This extension not only improves comfort but also promotes water conservation, contributing to a more sustainable use of this resource. Installation is simple and it is compatible with M22 and M24 threaded faucets, making it a versatile option for any home. Includes an adapter and a rubber gasket to ensure a perfect fit and prevent leaks. Packaged in a bag, it's a practical and functional accessory that adapts to the needs of every user.
