Variable Pressure Butane Regulator, MONFA

Brand: MONFA

Reference: GIB 001595

This variable pressure regulator is designed for butane and propane applications, guaranteeing a flow rate of 2.5 kg/h. Its inlet connection complies with UNE EN 12864, ensuring optimal performance in bottle collector systems and industrial equipment.

Description

The variable pressure butane regulator, model RPV, is designed to provide precise and safe control in systems using butane or propane gas. This device is suitable for industrial applications that require efficient gas flow management, ensuring optimal performance under various operating conditions.

- **Model:** RPV
- **Inlet connection:** 35 mm valve in accordance with UNE EN 12864, figure G.56
- **Outlet connection:** 21.8 left-hand thread according to UNE 60408, figure H.2
- **Pressure range:** 0-2 bar/0-3 bar
- **Guaranteed flow rate:** 2.5 kg/h
- **Gas type:** Butane/Propane
- **Certification:** UNE EN 12864, Mark N
