**Square grid with closure,
GIBALTO.**

Brand: GIBALTO

Reference: GIB 004949

White plastic grille that allows airflow to be regulated thanks to its locking system. With a compact design, it is suitable for optimizing ventilation in indoor environments, ensuring efficient and functional performance in various applications. Its size makes it versatile and easy to integrate.

[View product online](#)**Description**

The lockable square grille is an essential component for ventilation systems that require precise airflow control. Designed for functionality and durability, this grille is suitable for a variety of applications in residential and commercial settings. Its square design and closing mechanism allow you to regulate the air flow efficiently, ensuring a controlled and comfortable environment.

- Allows you to close the air flow: The grille is equipped with a mechanism that facilitates the complete closure of the air flow, providing total control over ventilation.
- Material: plastic: Made of high-quality plastic, this grille guarantees resistance and longevity, withstanding daily use without compromising its functionality.
- Color: white: Its white finish allows for discreet and aesthetic integration into any environment, complementing existing decor without attracting attention.
- Size: 17x17 cm: With dimensions of 17x17 cm, this grille is suitable for a wide range of applications, offering versatility in its installation and use.
