Description

The extendable "Y" trap with reducer and fitting is an efficient solution for installing drainage systems in domestic and commercial spaces. Designed for flexibility and adaptability, this trap fits into a variety of plumbing configurations, ensuring optimal, obstruction-free water flow.

- **Y-Trap:** Allows the connection of multiple drains into a single system, optimizing space and functionality.
- **Extendable:** Its extendable design makes it easy to install at different lengths, adapting to the specific needs of the environment.
- **32mm Reducer:** Includes a 32mm reducer that allows connection to pipes of different diameters, ensuring versatile and efficient integration.
- **1" 1/2" Fitting:** Equipped with a 1" 1/2" fitting, it provides a secure and stable connection, minimizing the risk of leaks.
