Description

The 25 mm PVC end cap for blind branches is an essential component in piping systems where a secure and efficient closure is required. This product is specifically designed to act as a terminal element in unused branches, allowing for future expansion if needed. Its PVC construction ensures high resistance to pressure and environmental conditions, making it a reliable choice for various applications. Bonding with a special PVC adhesive ensures a watertight seal, preventing leaks and guaranteeing system integrity. Its easy assembly allows for quick and uncomplicated installation, optimizing working time on plumbing projects.

- **Diameter:** 25 mm
- **Material:** High-quality PVC
- **Use:** Termination element for blind branches
- **Joining:** Special adhesive for PVC
- **Resistance:** High pressure resistance
- **Installation:** Quick and easy assembly
- **Applications:** Plumbing and piping systems
- **Durability:** Resistant to environmental conditions
- **Compatibility:** Ideal for future expansions
- **Color:** Transparent

Specifications

EAN	8432453019599
Material	PVC
