Description

The ultra-thin siphon valve with chrome trim is an efficient and modern solution for shower drain systems. Designed for optimal performance, this valve combines functionality and aesthetics, ensuring efficient water flow and easy maintenance. Its compact design and self-centering system allow for quick and secure installation, adapting to confined spaces without the need to drill into the floor slab. The polyamide flange and 304 stainless steel screws ensure a durable and corrosion-resistant hold, while the removable siphon and hair catcher basket facilitate cleaning and prevent blockages in the drainage system.

- **Self-centering system:** Includes three anchor points that ensure precise and stable installation.
- **Reduced height:** Its compact design eliminates the need to drill into the slab, facilitating installation in confined spaces.
- **Fixing material:** Polyamide flange that provides a secure and durable hold.
- **Durability:** Screws made of 304 stainless steel, resistant to corrosion and wear.
- **Easy maintenance:** Fully removable siphon that allows for quick and effective cleaning.
- **Additional functionality:** Includes a hair catcher basket to prevent blockages in the drainage system.
- **Drainage capacity:** High flow capacity that ensures efficient water drainage.
- **Trim:** 116 mm chrome finish that adds an aesthetic and modern touch to the shower tray.

Specifications

Colour	Cromo
EAN	8432453148084
