

## Product sheet

## Non-return valve - 120mm, GONAL

Brand: GONAL

Reference: GIB 001036

120 mm white PVC device designed to optimize ventilation and air treatment systems. Its design allows for controlled airflow, making it suitable for aerothermal and fume extraction applications, ensuring efficiency and safety in a variety of environments.

### Description

The 120 mm non-return valve is an essential component for ventilation and air treatment systems, designed to ensure unidirectional airflow and prevent the return of unwanted fumes or gases. Made of white PVC, this valve combines durability and efficiency, making it suitable for applications in aerothermal energy and fume extraction.

- Diameter: 120 mm
- Material: High resistance PVC
- Color: White
- Function: Prevention of air and fume return
- Applications: Ventilation, air treatment, aerothermal energy, fume extraction
- EAN13 code: 8432453010367
