Description

The column protector is an efficient and economical solution for protecting corners and surfaces exposed to frequent impacts. Made with recycled rubber, this product is ideal for protecting areas with right angles, pipes, and metal boxes. Its design incorporates yellow reflective strips, which improve visibility and safety in low-light environments.

- Dimensions: 80 cm high x 10 cm wide x 10 cm deep.
- Made of high-impact rubber, which guarantees durability and resistance.
- Four lines of yellow reflective tape for greater visibility.
- Hole markings for easy installation.
- Fastened with screws, ensuring a firm and stable fit.
