The Abarth Zerocento X-Trem safety boot, size 41, is a robust and reliable option for those seeking protection and comfort in their work environment. Designed under EN ISO 20345:2011, this boot combines high-quality materials with advanced technical features to ensure user safety.

- Extra-resistant fiberglass toe cap, providing superior impact protection.
- Anti-perforation textile insole, designed to prevent injuries from sharp objects.
- Made of suede and Action Nubuck S3 leather, with rubber reinforcements on the toe and heel for added durability.
- Flexible and lightweight footwear, offering comfort without compromising safety.
- Anti-magnetic and metal-free properties, ideal for environments where it is necessary to avoid magnetic interference.
- Water-repellent, ensuring that feet stay dry in wet conditions.
- Bi-density PU sole, anti-slip SRC, providing excellent traction on slippery surfaces.
- Shock absorption in the heel, reducing fatigue during long work days.
- Hydrocarbon resistant, ensuring the integrity of the footwear in industrial environments.
- ESD certified anti-static properties, except for the X-Trem model, to protect against electrostatic discharges.
