Description

The 6x100 mm Widia Porcelain drill bit is designed to offer exceptional performance in drilling high-hardness materials. Its robust construction and specialized design make it a reliable tool for demanding jobs on various types of surfaces.

- Premium carbide tip: ensures greater durability and wear resistance.
- Special geometry: optimizes drilling efficiency and reduces the required effort.
- Excellent welding: ensures a solid bond between the tip and the drill bit body, improving stability during use.
- Suitable for very hard materials: porcelain, tile, stone, granite and slate.
- Compatible with medium-hard materials: cement, terrazzo, marble and terracotta.
- Recommended use: operate at low revolutions for optimal performance, especially on diameters of 4 mm.
- Dimensions: 6 mm diameter and 100 mm total length.
- EAN13 code: 8426251589637.
