

Product sheet

Piezoelectric lighter, JUNKER.

Brand: JUNKER

Reference: GIB 001413

Piezoelectric ignition device with an optimized design for precise mounting. Its diameter and front dimensions ensure a proper fit in a variety of applications, offering reliable and efficient performance in environments demanding safe and effective ignition. Ideal for technical and professional uses.

Description

The piezoelectric igniter is a device designed to provide reliable and efficient ignition in a variety of applications. Its compact and robust design makes it suitable for integration into systems where space is limited, ensuring optimal and long-lasting performance.

- Mounting diameter: 18 mm
- Connection: $\varnothing 2.4$ mm round socket
- Front dimensions: 26 mm
