Description

The pruning shears holder is an essential accessory for those looking to keep their gardening tools organized and within easy reach. Designed for durability and strength, this shears holder is made from high-quality materials that ensure a long lifespan and optimal performance in a variety of working conditions.

- Material: Natural cowhide leather, known for its strength and flexibility, providing sturdy support for your pruning shears.
- Thickness: 1.8 mm, ensuring a solid and durable structure, able to withstand daily use without compromising its integrity.
- Anti-humidity treatment: This special treatment protects the leather from moisture, preventing deterioration and ensuring that the shears holder maintains its shape and functionality over time.
