Cointra Flange Resistor - 1200w, JUNKER

Brand: JUNKER

Reference: GIB 008208

The 1200W heater features a curved design that optimizes its performance in specific applications. With a length of 280 mm and a voltage of 230 V, it is ideal for systems that require efficient and reliable heating, ensuring proper operation under a variety of conditions.

Description

The Cointra Flange heater is an essential component designed to deliver efficient performance in heating applications. With a robust construction and precise technical specifications, this heater guarantees optimal operation under a variety of conditions.

- Power: 1500W
- Length: 280mm
- Voltage: 230V
- Shape: Curved
