Cointra Flange Resistor - 1500W, JUNKER

Brand: JUNKER

Reference: GIB 013602

This heating component features its curved design and 1500W power, ideal for applications requiring efficient performance. Its 280mm length and 230V voltage make it a versatile option for a variety of installations. Its construction ensures durability and efficient operation.

Description

The Cointra 1500W Flange heating element is an essential component for heating systems and water heaters, designed to offer efficient and long-lasting performance. Its structure is optimized to provide effective heat transfer, ensuring reliable operation in a variety of applications.

- **Power:** 1500W
- **Length:** 280mm
- **Voltage:** 230V
- **Shape:** Curved
