Monoblock Resistor - 1500W, JUNKER

Brand: JUNKER

Reference: GIB 013604

This 1500W component is ideal for industrial and domestic environments. Its straight design and 1 1/4" thread allow for versatile installation in different systems, ensuring efficient and long-lasting operation even in demanding conditions, thanks to its ability to operate at 230V.

Description

The 1500W Monoblock resistor is an essential component designed for applications requiring efficient and reliable heating. Its robust design and technical specifications ensure optimal performance under a variety of operating conditions.

- **Power:** 1500W
- **Thread:** 1 1/4"
- **Length:** 280mm
- **Voltage:** 230V
- **Shape:** Straight
