Description

The 50 gram galvanized wire roll is a versatile and resistant solution for various applications in the construction and gardening fields. With a diameter of 1.4 mm and a length of 3.3 meters, this wire is designed to offer durability and corrosion resistance, thanks to its galvanized coating. It is especially suitable for use in metal fences, providing reliable support as a guide wire for tensioning single-twist meshes.

- Wire diameter: 1.4 mm
- Total length: 3.3 meters
- Roll weight: 50 grams
- Material: Galvanized steel
- Corrosion resistance: High, thanks to the galvanized coating
- EAN13: 8426024000086
