Product sheet

Polyester tie-down system - 35mm x 7.5m

Brand: GIBALTO

Reference: GIB 007726

This lashing system is made of high-tenacity polyester, ensuring optimal strength for heavy loads. Its automated manufacturing ensures a quality finish, while its closed-hook design provides a secure hold. It complies with safety regulations and is suitable for a variety of industrial applications.

Description

The high-tenacity polyester lashing system is a robust and reliable solution for efficiently securing loads. Designed to support up to 2000 kg, this system offers a combination of strength and durability, ideal for industrial and transport applications. Manufactured with high-quality materials, it guarantees optimal performance in a variety of conditions.

- Material: High-tenacity polyester
- Load capacity: Certified for 2000 kg
- Manufacturing process: Sewn with programmable automatic machines for a quality finish
- Measurements: Available in different options
- Color: Orange
- Hook type: Closed
- Certification: CE marking
- EAN13: 8432453077261
