Description

The Flying Wing Navy shoe in size 40 is an option designed to offer comfort and functionality in demanding environments. With a design that combines high-quality materials, this footwear adapts to a variety of needs, providing a safe and comfortable user experience.

- Material: Available in leather or suede combined with mesh, providing a durable and breathable structure.
- Properties: Water-repellent, ensuring protection against moisture and water.
- Lining: Incorporates a three-dimensional lining that improves internal ventilation and comfort.
- Composition: Metal-free, ideal for environments where it is necessary to avoid the use of metal components.
- Sole: Made of EVA (ethylene, vinyl and acetate) combined with rubber, offering anti-slip properties and resistance to hydrocarbons.
- Sole characteristics: Anti-static and HRO, capable of withstanding temperatures up to 300°C, with shock absorption in the heel and SRC certification for maximum safety on slippery surfaces.
- Protection: Does not include a toe cap anti-impact and anti-perforation insole, focusing on the lightness and flexibility of the footwear.
