Single Link - 32mm Bulk, ABRISA

Brand: ABRISA

Reference: GIB 003665

Designed for the efficient connection of polyethylene pipes in drip irrigation systems, this component stands out for its design, which optimizes its grip. Made of polypropylene, it offers durability and versatility in a variety of applications, adapting to different diameters to meet the user's needs.

Description

The 32mm single union is an essential component for joining polyethylene (PE) pipes in drip irrigation systems. Designed to offer a secure and efficient connection, this union is a reliable solution for agricultural and gardening installations that require a controlled and precise water flow.

- Material: Made of polypropylene (PP), a material known for its strength and durability under demanding conditions.
- Exclusive design: Offers a better grip, ensuring that the connections remain firm and stable during use.
- Variety of sizes: Available in eight different sizes, allowing it to adapt to various installation needs.
- EAN13: 8432453036657, a code that guarantees the traceability and authenticity of the product.
