Single Link - 40mm Bulk, ABRISA

Brand: ABRISA

Reference: GIB 004089

Designed for the efficient connection of polyethylene pipes in drip irrigation systems, this component stands out for its optimized design. Made of polypropylene, it offers durability and versatility, adapting to a variety of agricultural installation needs. Its availability in multiple sizes facilitates its integration into specific projects.

Description

The 40mm single union is an essential component for joining polyethylene (PE) pipes in drip irrigation systems. Manufactured from high-quality materials, this union ensures a secure and efficient connection, optimizing the performance of irrigation installations.

- **Material:** Polypropylene (PP), known for its strength and durability in irrigation applications.
- **Diameter:** 40mm, suitable for standard-sized pipes in drip irrigation systems.
- **Design:** Exclusive for a better grip, ensuring a firm, leak-free connection.
- **Availability:** Offered in eight different sizes to suit a variety of installation needs.
- **EAN13:** 8432453040890, for easy identification and inventory management.
