Description

The 12L/H interline dripper is an efficient solution for watering plants in gardens and orchards. Designed to provide a consistent flow of water, this dripper is easy to install and adapts to the specific needs of each crop, ensuring even, precise irrigation.

- Flow rate: 12 liters per hour.
- Compatibility: Suitable for pipes with a diameter of 12 or 16 mm.
- Design: It features a minimal flow labyrinth and a pre-filter to minimize the possibility of clogging.
- Adaptability: Allows you to adjust the spacing between drippers according to the needs of the crop.
- Color: Black, for discreet integration into the irrigation environment.
- Variety: Available in various hourly flow rates to suit different irrigation requirements.
- EAN Code: 8432453010503.
