Description

The 9mm 1" fertilizer injector is designed to optimize nutrient distribution in agricultural irrigation systems. Made from high-quality materials, this device ensures efficient and long-lasting operation, adapting to a variety of growing needs.

- **Body Material:** Polypropylene, known for its chemical resistance and durability.
- **Available Diameters:** Four options to suit different irrigation systems.
- **Flow Meter:** Precise and reliable graduation, with a stainless steel indicator ball to prevent rust.
- **Dosing Key:** Allows you to adjust the fertilizer dose and acts as a non-return valve when closed.
- **Check Valve:** Prevents fluid from returning to the tank and includes a filter to prevent blockages due to sediment.
- **EAN13:** 8432453021066
