Description

The Total Wrench with Safety Ring is an essential component for drip irrigation systems, designed to offer precise and safe control of water flow. Made with high-quality materials, this wrench guarantees durability and efficiency in your daily use.

- Material: Made of reinforced polypropylene (PP), which provides strength and longevity.
- Safety Ring: Designed to ensure an optimal fit inside the polyethylene tube, preventing leaks and ensuring efficient operation.
- Functionality: The integrated boom allows you to effectively cut off the water supply in the drip lines, facilitating irrigation control.
- Variety of sizes: Available in three different sizes to suit various installation needs.
- EAN13: 8432453011524
