

Product sheet

**Straight pick bag 50 pcs -
4.5x2.5mm, ABRISA.**

Brand: ABRISA

Reference: GIB 006718

Straight spike designed for 5 mm microtubes, made of polypropylene. Its structure allows for a direct connection that directs the drip downward, facilitating the installation of in-line drippers for precise flow control. Ideal for efficient and easy-to-use irrigation systems.

[View product online](#)**Description**

The 5mm straight microtube spike is an essential component in drip irrigation systems, designed to facilitate efficient water distribution in gardens and crops. Made of polypropylene, it offers durability and resistance to environmental conditions, ensuring optimal performance in hydrological applications.

- Dimensions: 4.5 x 2.5 mm
- Material: Polypropylene
- Direct connection to 5mm microtube
- Downward drip direction for precise water distribution
- Compatibility with "in-line" drippers for flow regulation
- EAN13: 8432453067187
