Description

The 4mm Professional Hole Punch is a hand tool designed to punch and create precise holes in polyethylene (PE) pipes. Its ergonomic design and advanced functionality make it suitable for irrigation system applications, facilitating the efficient insertion of drippers.

- Manual Hole Punch: Designed to offer precise control during the drilling process.
- Compatibility with PE pipes: Allows you to make clean and exact holes in polyethylene pipes, optimizing water flow in irrigation systems.
- Non-slip plastic handle: Provides a secure and comfortable grip, reducing the risk of slipping during use.
- Trigger to eject excess plastic: Facilitates cleaning and maintenance of the work area, ensuring a professional finish.
- Available in 5 different diameters: Offers versatility to adapt to different project needs and specifications.
