Description

The 9mm Professional Hole Punch is a hand tool designed to punch and create precise holes in polyethylene (PE) pipes. Its ergonomic design and advanced functionality make it suitable for irrigation system applications, facilitating the efficient insertion of drippers.

- Manual Hole Punch: Designed to offer precise control during the drilling process.
- Compatibility with PE pipes: Allows you to make clean and precise holes in polyethylene pipes.
- Non-slip plastic handle: Provides a secure and comfortable grip, reducing the risk of slipping during use.
- Trigger to eject excess plastic: Facilitates cleaning and maintenance of the tool, ensuring continuous and uninterrupted operation.
- Available in 5 different diameters: Offers versatility to adapt to different irrigation system needs and specifications.
