Description

The 3mm manual hole punch is a tool designed to facilitate drilling and creating holes in polyethylene (PE) pipes. Its ergonomic design and precise functionality make it an efficient choice for irrigation system installation work, allowing the insertion of drippers easily and effectively.

- Manual hole punch: Specifically designed to accurately pierce PE pipes.
- Drilling diameter: 3 mm, suitable for inserting drippers in irrigation systems.
- Non-slip plastic handle: Provides a secure and comfortable grip during use, minimizing the risk of slipping.
- Trigger to eject excess plastic: Facilitates cleaning the work area by eliminating plastic waste generated during drilling.
- Availability in multiple diameters: In addition to the 3 mm model, it is available in four other diameters to suit various drilling needs.
- EAN13 code: 8432453029710, for easy identification and inventory management.
